TODAY PROMISES TO BE RECORD BREAKER

Big Attendance Expected at the State Fair — Judging of Fine Stock Not Completed.

WHITE RIVER JUNCTION, Sept. 12. — Today promises to be a record-breaker at the Vermont State fair, and with the judging of the fine stock on the ground going on, three races, balloon ascension, vaudeville, tournament for the Tyson silver trophy and grand parade there will be sufficient to interest everybody in attendance.

The judging of cattle, Morgans and other horses began yesterday and will be continued every day until finished. In the afternoon, at 4 o'clock precisely, Bonnette made a fine ascension with his balloon, which went up into the air almost perpendicularly, and when the parachute was released it drifted northward, allowing the aeronaut to alight outside of the fair grounds in the valley beyond. The balloon dropped a little outside the grounds.

Three tractors are on the grounds and Tuesday afternoon an exhibition of plowing with such power was given in the rear part of the grounds and seemed to be of great interest to many of the farmers. These tractors are becoming essential to the eastern farmer as to the western one.

The facilities for feeding the many visitors are as adequate as formerly. The Old Fellows' fraternity of White River Junction and Mr. Sargent having charge of the large dining rooms beneath the grandstands as usual and many lesser dining halls about the grounds.

The public service building is again under the direction of the Windsor county Y. M. C. A., with a corps of physicians comprising Drs. H. B. Wilson, M. P. Staley, D. S. Drake, R. J. Goss, D. L. Burnett, T. F. Garland and C. W. Worthen in the hospital department, who alternate in giving constant attendance there, ready for any emergency. Good nurses are also in attendance.

Three slight injuries which occurred on the grounds Tuesday were attended to. In the evening the rest room is used for a recreation and reading room, and exhibitors seem pleased to think that such a place has been provided for them, something they do not find at other fairs.

A large exhibit of stock that started from West Virginia arrived at the grounds Tuesday night after many delays, and was allowed a place on the grounds.

The United States government has set up a recruiting tent on the grounds, under direction of Lieut. R. C. Knowlton and Sergt. W. A. Upham, both Norwegian cadets now in the service, who are taking enlistments in the United States army or First Vermont regiment.

Two racing events were pulled off yesterday. The 2:17 trot for a purse of \$400 with four to start was won by Famous Nutwood by Banker Vincent by Vincent, and the 2:28 pace for a purse of \$200 with seven to start was won by Ruth W. by Abelen by Alexander.

Tomorrow there will be the 2:24 trot, 2:17 pace and the 2:20 trot, the usual vaudeville, and a balloon ascension. In one of his ascensions Bonnette drops 100 envelopes on the fair ground while in the air, one of which will contain a five-dollar note, which the finder retains.

In the judging of Holstein-Friesian bulls, which took place yesterday, three years old and over, five magnificent animals were in the ring, the first or blue ribbon going to Mt. Hermon school with a five-year-old. The next class was won by Balsam Stock Farm of Dixville Notch, N. H.

VERMONT DRY NOMINATE.

L. W. Hanson of Montpelier to Make the Run for Governor.

MONTPELIER, Sept. 13.—The Prohibition state convention was held here yesterday with a small attendance. Resolutions were adopted condemning the present policy of the state relative to the sale of intoxicating liquor and asking for legislation that will lessen crime and commitments to the state hospital and penal institutions.

It nominated for governor, L. W. Hanson, Montpelier, for lieutenant governor, Rev. F. A. Kerr, Brandon; for secretary of state, A. S. Gallup, Burlington; for treasurer, H. E. Cummings, Berkshire; for auditor, W. C. Roddiffe, St. Johnsbury. The attorney general nomination is to be made by the state committee.

EVERYWOMAN.

Big Spectacle to Be Presented in Auditorium Saturday.

On Saturday afternoon and evening Henry W. Savage will offer at the Auditorium his production of the dramatic spectacle, Everywoman, one of the real lasting successes of the American stage. It is estimated that it has been witnessed by over four million people.

The manager says: "When it is considered that the manuscript of this play which has cleared over half a million dollars for its producer was for many years kicked and cuffed about the managerial offices in New York, helplessly

rejected, the discouraged writer of unaccepted plays should have hope. There are just enough girls and music in the performance to conceal from the tired business man the preachments it contains. It recites a story of universal experience and its popularity is due in a large measure to the fact that it appeals to both regular theater goers and men and women who seldom attend theatrical or musical performances. A symphony orchestra accompanies the organization."

JOHN P. WASHBURN, CIVIL WAR VETERAN

Death Followed Long Period of Ill Health—Served in Two Regiments and Received Severe Injury.

John Parmenter Washburn, 82, a veteran of the Civil war, in which he served in two different regiments, died at 6 o'clock this morning at his home, 18 Western avenue. He had been in very poor health for years, but an attack of grip was the direct cause of death, after a week's illness.

Mr. Washburn was born in Milton, Canada, June 9, 1834, a son of Samuel O. and Mary (Parmenter) Washburn. While he was a child his parents moved to New York state, and when the Civil war broke out he was employed in Troy, N. Y., as a carriage builder. He enlisted in that city in Company G, 2d New York Infantry.

He received a severe injury that winter at New York and later contracted malarial fever. He was discharged from the service at Chester, Pa., because of physical disability.

The winter of 1862-3 he spent at Holland (Vt.) recovering his health. In the spring of 1863 he went to Greenfield, Mass., and took employment in the cutlery works of John Russell. That fall he enlisted again in the 2d Massachusetts Heavy Artillery and was made a sergeant. The regiment was stationed at Fort Fisher until mustered out of the service.

He returned to New York, where the family was living and on Dec. 29, 1865, married Miss Laura I. Armstrong. For six years he conducted a small farm there. He worked 18 months in Halifax and then in the baby carriage manufacturing in Guilford until that plant burned. He moved permanently to Brattleboro after that, and his last employment was in the Estey organ factories. Ill health forced his retirement 16 years ago.

Mr. Washburn leaves, besides his wife, one daughter, Mrs. E. G. Phillips of Springfield, Mass., and three sons, Mrs. Mary Woodward, Mrs. Hannah Rush and Mrs. Diann Coffin, all of Milan, N. H.

Mr. Washburn was a member of Sedgwick post, G. A. R.

DIES OF STARVATION ON EVE OF WEDDING

Harley H. Prouty, Noted Mountain Climber of Oregon, Brother of ex-Gov. Prouty.

PORTLAND, Oregon, Sept. 13.—A victim of illness, due indirectly to a summer of mountain-climbing activity, Harley H. Prouty, ex-president of the Mazamas, and a brother of G. H. Prouty, ex-governor of Vermont, died suddenly at St. Vincent's hospital last Monday night of practical starvation on the eve of his wedding day, his engagement being only recently announced.

Another brother, C. A. Prouty, is chairman of the interstate commerce commission and is now director of valuations for that body.

Mr. Prouty was one of the most expert mountaineers in the United States and recently accompanied a mountain climbing party to the Three Sister region here.

He was taken ill during the second week and forced to leave camp. At MacKenzie Bridge he fainted twice, and rapidly thereafter continued to fail. Ten days ago he was taken to St. Vincent's hospital. Death was due to complication of stomach and heart trouble.

Mr. Prouty was a graduate of Dartmouth. Besides the two brothers mentioned, a sister, Mrs. L. M. Palmer of Framingham, Mass., and two brothers, William and Edward Prouty, engaged in the lumber business at Newport, Vt., survive.

SUMMER HOTEL BURNED.

Lake-View-in-the-Pines at Lake St. Catherine a Mass of Ruins.

POULTNEY, Sept. 13.—The handsome hotel at Lake St. Catherine, Lake-View-in-the-Pines, burned to the ground shortly after midnight. It is not known how the fire started as the hotel was closed, the last of the boarders having left yesterday afternoon. Only the servants remained in the hotel and all had narrow escapes, the fire burning with great ferocity, turning the big structure into a seething mass of flames in an inconceivably short time. One of the caretakers, Arthur Safford, was forced to jump for his life from a third story window.

ROOSEVELT STICKS TO FIVE SPEECHES

Unless Unforeseen Need Arises Will Not Alter His Original Campaign Plans.

OYSTER BAY, L. I., Sept. 12.—Colonel Roosevelt, to whom the Republican managers assigned last week the task of adding more life to the campaign, apparently does not intend to change his original plans, especially to the extent of speaking from the same platform with ex-President Taft. It can be stated on the highest authority that the differences between the one-time friends have not been patched up to such an extent, and though each will make several speeches, they will be delivered from widely separated platforms.

Also, the Colonel has not considered increasing the number of speeches, five in all, which remain for him to make, and he will not do so unless some imperative and now unforeseen need arises. His next speech will be in Battle Creek, Mich., near the end of the month.

Mr. Roosevelt was in fine humor over the result in Maine, but Frederick C. Tanner, New York State Republican chairman, found all attempts futile to induce the Colonel to display a more lively interest in lining up Moose voters behind the Republican state ticket. The feeling between Colonel Roosevelt and Governor Whitman may respond to treatment, but has not done so yet. W. Cameron Forbes, Senator William M. Bennett, and James M. Beck were other visitors whose presence gave Sagamore Hill the appearance of a live political headquarters, but when his visitors had departed the Colonel had charged no whit from the plans originally laid down for his part in the campaign.

Despite their failure to get more from Mr. Roosevelt the Republicans who called on him today were grateful and happy for what they got. The result of the Maine election and the more active participation of the Colonel in the campaign brought smiles of satisfaction to their faces.

The Colonel beamed his satisfaction at the Maine result. He was especially pleased with a huge pile of telegrams from all parts of the country complimenting him for his part in the Maine fight and giving him most of the credit for the result.

"It's fine, fine, I am very glad," he grinned, when he was asked for his comments on the Maine result. Those who have talked with him said he was highly gratified that the bulk of the 1912 Progressive vote was found in the Republican column this year. He took this as an indication, it was said, that the rank and file of the Bull Moose party had buried their resentment and were still following his leadership. The Republican leaders were also of this mind.

BIG ATTENDANCE AT UNIVERSITY

Nearly 1,000 Students Enrolled Within Year — Large Percentage Were Vermonters.

BURLINGTON, Sept. 13.—A compilation of figures made at the University of Vermont shows that since the beginning of the college year Sept. 29, 1915, there have been enrolled 997 students. Of these students 811 or 81 per cent were residents of Vermont. Of this number 346 were students of the summer school. The actual attendance at the summer school was 361, but 15 of these students had been enrolled previously during the year as students in some of the regular departments of the university. The number of summer school students registered from Vermont was 311 or 86 per cent.

When President Benton assumed his duties five years ago, he expressed the hope that the university might have an enrollment of 1,000 students. During the past year this number has been approached so closely that his desire may be said to have been fulfilled.

The earth's atmosphere is supposed to vary in depth from 125 to 200 miles.

The company carries an immense amount of special scenery and its own orchestra, which will be augmented by three Brattleboro musicians.

Half dollars, quarters and dimes of a new design have been put in circulation, all of which are considered more artistic than the old ones. The new 50-cent piece bears on one side the figure of the Goddess of Liberty, holding a bunch of olive branches, with a spread eagle on the opposite side; the new quarter has the figure of a woman coming through a gate in a wall and on the reverse side an eagle in flight.

On one side of the new dime is the head of a woman and on the other a bundle of Roman fasces tied tightly together and an axe nearby. The new dime is of a sharper cut than the old. It is about a month since the mints of Philadelphia, Denver and San Francisco began turning out the new coins.
